	11 <sup>th</sup>	TBD	SA	Christmas Dinner	Nagles	TBD	Location & Time TBD

1. City Park and Club rules state that you must have an AMA license to fly solo at the field – there can be no exceptions.
2. If you are new to the hobby, don't try to do it alone! Visit the Wingmasters Field on Wednesday evening for Instructor Night (see schedule). Experienced pilots will evaluate your plane for being airworthy and assist with developing your piloting skills.
3. When entering the field, please shut and lock the gate behind you.
4. To insure everyone's safety, please observe the No Fly Zone; keep your plane north of the runway. Never fly south of the taxi area, over or behind the shelter house.
5. Non 2.4 transmitters, the pin is to be placed on your transmitter antenna. Never turn your transmitter on, unless you are in possession of the Frequency Pin.
6. You can pull up to the fence to unload / load your equipment. When done, please park in the designated parking area. Please observe no parking spaces.
7. For your safety, spectators should stand behind the fence
8. If you are the last to leave Wingmasters Field, lock the Pin Box, Porta-Potty and gate.
9. The field is available for all to enjoy, please pick up and discard your trash, obey the safety rules and be courteous to others. If someone is not complying with field rules, speak to them in a courteous manner. If the problem persists, call the Dayton Police 333-2677 or 911 if an emergency exists.

**Consider Joining the Dayton Wingmasters RC Club!**
